Criterion II – Teaching–Learning and Evaluation

Student Satisfaction Survey on Teaching Learning Process

A) Research Methodology:

A team of Head of Department, Senior Teachers & Head of Institution conducted the Student Satisfaction Survey during May 2021 through Google Forms.

NAAC SSS format is fully adopted to collect factual opinion of students on curriculum, completion of syllabus, preparedness of the teachers, reaction of the students regarding pedagogy, attitude of teachers, transparency and fairness in internal evaluations, placement possibilities, curricular and extra-curricular activities, overall impression and suggestions about the College. This exercise definitely helps to enhance the process of teaching and learning.

This survey corresponds to an institute level feedback on infrastructure and learning experience. The student responses were collected on telephone to simulate the exercise at the time of accreditation by a team of volunteer students. Before proceeding for the survey, the Age, Gender, academic programme being pursued by the student were confirmed. After making the students aware of the instructions, motive and her/his willingness to answer the complete set of questions, the responses were recorded on SSS form by student volunteers. In some cases students had to be called twice or thrice to suit their convenient time to answer the complete set of questions. This team of volunteers was trained and supported by teachers. The respondents were assured that their identity would not be disclosed.
